

# Faculty of Homeopathy

*Advocating medical homeopathy*

## Professional Development & Postgraduate Courses

### 175 years' of rich heritage

*Founded in 1844 and incorporated by Act of Parliament in 1950 the Faculty of Homeopathy supports statutorily regulated healthcare professionals with their homeopathic practice. We are the only homeopathic organisation to be recognised by professional bodies such as the General Medical Council (GMC) with eight teaching centres, including four overseas. This stamp of approval provides the general public with the guarantee that our members are registered, fully qualified and integrating homeopathy with conventional medicine.*

### TRAINING & QUALIFICATIONS

We offer fully accredited postgraduate courses for professionals who already have an existing healthcare qualification that is registered with the appropriate UK regulatory body. Our courses and qualifications provide you with recognised continuing professional development (CPD) to meet professional requirements, covering the principals of homeopathy, its development and the latest scientific evidence.

“Strengths of the programme have been the standard of teaching from practitioners and teachers who have applied and up to date knowledge.

**Wendy Scrase, Nurse**

“Excellent and inspiring lecturers.

**Sally Moorcroft, Doctor**

# Courses for Healthcare Professionals

## FOUNDATION

### STARTS:

September or January

### LOCATION:

Various – see our accredited centres on the next page.

### DURATION:

Up to one year

### MODE:

Part-time (minimum 30 hours of teaching with approximately 120 hours of private study).

### ENTRY REQUIREMENTS:

You need to be a statutorily regulated healthcare professional registered with an appropriate UK body such as the General Medical Council (GMC), the Nursing and Midwifery Council (NMC), the General Pharmaceutical Council (GPhC), or the Pharmaceutical Society of Northern Ireland (PSNI).

### TO APPLY:

✉ [education@facultyofhomeopathy.org](mailto:education@facultyofhomeopathy.org)  
☎ +44 (0)203 640 5903

### ABOUT THE COURSE:

This course will provide you with the core knowledge required for the Primary Health Care Examination (PHCE). It covers what homeopathy is, what it can achieve and its limits. The curriculum also focuses on how to integrate homeopathy with conventional healthcare and when a patient would benefit from referral to a specialist. In addition, the course covers how to use homeopathy in a specified number of targeted clinical situations integrated with normal professional practice in day-to-day patient care.

### AREAS OF STUDY MAY INCLUDE:

- Auto-regulation, hormesis, similars and minimum dose
- Sensitivity in the ill person, individualisation, totality of symptoms
- Materia medica sources: toxicology, provings, clinical
- Outline of the theory of chronic disease and miasms
- Scientific evidence: clinical data, trials and meta-analyses, laboratory experiments
- Integration/relationship to other forms of care including conventional medicine and herbalism
- Self-healing and placebo responses
- Consultation skills, history taking and case analysis in homeopathic care
- Therapeutics and case management
- Legal and ethical aspects of homeopathic prescribing within the context of different healthcare professions, including non-medical practice

### QUALIFICATION GAINED:

Upon qualification you will be eligible to become a Licenced Associate of the Faculty and may use the letters LFHom followed by a suffix denoting your profession:

- LFHom(Chiro)
- LFHom(Dent)
- LFHom(Med)
- LFHom(Midwife)
- LFHom(Nurse)
- LFHom(Osteo)
- LFHom(Pharm)
- LFHom(Physio)
- LFHom(Pod)

*Please note, healthcare students can begin their Foundation training before they are registered with their professional body.*

## MEMBERSHIP

### STARTS:

September or January

### LOCATION:

Various – see our accredited centres on the next page.

### MODE & DURATION:

Full-time (fast track): one year  
Part-time: up to five years

### ENTRY REQUIREMENTS:

You must be a Licenced Associate of the Faculty of Homeopathy.

### TO APPLY:

✉ [education@facultyofhomeopathy.org](mailto:education@facultyofhomeopathy.org)  
☎ +44 (0)203 640 5903

“ They are engaging and committed teachers who bring the subject alive in all its complexity.   
Jessica Robinson, Psychiatrist

### ABOUT THE COURSE:

This course expands on the Foundation training and prepares you for the Membership examination which you must take within three years of completing the Faculty accredited training.

### AREAS OF STUDY MAY INCLUDE:

- The development of homeopathy within the science and art of medicine
- The scope and limits of homeopathy
- The clinical and legal bounds of competence of different practitioners
- Integration/inter-relationship of homeopathy with other forms of treatment
- The development of homeopathy internationally
- The various “schools” of homeopathy and international variations
- The basic principles of research methodology and critical appraisals of research in homeopathy
- Clinical trials in homeopathy including meta-analyses

### QUALIFICATION GAINED:

Upon qualification you will be eligible to become a full member of the Faculty and may use the letters MFHom followed by a suffix denoting your profession:

- MFHom(Chiro)
- MFHom(Dent)
- MFHom(Nurse)
- MFHom(Osteo)
- MFHom(Pharm)
- MFHom(Physio)
- MFHom(Pod)

# Courses for Veterinarians & Veterinary Nurses

## FOUNDATION

### STARTS:

September

### LOCATION:

Various – see our accredited centres on the next page.

### DURATION:

Up to five years

### MODE:

Part-time (minimum 30 hours of teaching with approximately 120 hours of private study).

### ENTRY REQUIREMENTS:

An existing qualification that is registered with the Royal College of Veterinary Surgeons.

### TO APPLY:

✉ [education@facultyofhomeopathy.org](mailto:education@facultyofhomeopathy.org)

☎ +44 (0)203 640 5903

### ABOUT THE COURSE:

This course will provide you with the core knowledge required for the LFHom(Vet) or LFHom(Vet Nurse) examination. It covers what veterinary homeopathy is, what it can achieve and how homeopathy can be integrated with conventional patient care. The curriculum also includes how to use veterinary homeopathy in a specified number of targeted animal health situations and the integration of homeopathy with normal professional practice in day-to-day patient care.

### AREAS OF STUDY MAY INCLUDE:

- Philosophy, principles and practice of veterinary homeopathy
- Concept of extrapolation from observations of patient behaviour to symptoms of the mind as found in the repertory or materia medica
- Homeopathic understanding of disease process and of the pathogenesis and evolution of the illness, incorporating aetiological considerations
- Hering's Law in a veterinary context
- Homeopathy in first-aid and trauma situations and supporting surgical patients
- Needs of the organic farming community
- Nosodes, their relationship to homeopathic principles and their role in homeopathic therapeutics
- Miasms, their significance and their implications for understanding susceptibilities to disease
- Homeopathic pharmacy, its terminology and storage and dispensing of homeopathic medicines

### QUALIFICATION GAINED:

Upon qualification you will be eligible to become a Licenced Associate of the Faculty and may use the letters LFHom(Vet) or LFHom(Vet Nurse).

*Please note, veterinary students can begin their Foundation training before they are registered with their professional body.*

## MEMBERSHIP

### STARTS:

September

### LOCATION:

Various – see our accredited centres on the next page.
