

25th INHF-Paris Congress

29th & 30th of January 2021 will be held **ONLINE** !

"The Dynamic Duo of Drs Joshi" is invited for the first time by French National Homeopathic Institute-Paris to present their original work in France

Due to the challenging pandemic conditions, Drs Joshi will be with us directly from their Clinic in Mumbai ! (Website : www.drjoshisclinic.com)

Dr. Bhawisha and Dr. Shachindra Joshi are known for their research and new insights in modern homeopathic approaches as well as for their excellent teaching skills.

The Joshi couple have developed a **System of prescription** based on **Levels of human development** that is followed globally for over a decade now. Their latest work in linking all the kingdoms on the grid of the Periodic Table and their system is popularly known as **Joshis' MAP** (M - mineral, A - animal, P - plant).

Topics which will be developed :

- **Concepts, understanding and current application of the MAP in daily practice**
- **Joshis' system of case-taking and analysis**
- **Complete Animal Kingdom classification: Focus on cases of Birds & Mammal remedies**

Their video cases are well documented. This gives the seminar participants complete understanding of Drs. Joshi clinical work which they can reproduce in their practice.
